The powerful 100 m² wall mounted
IP 65 Hoseproof insect control unit

FLEX-TRAP 100E WP

Flex-trap 100 wall mounting system.

With its revolutionary design, the Flex-trap 100E WP is recommended for use in shops and restaurants and wet industrial environments.

The Flex-trap can be mounted in multiple positions on the wall or the ceiling.

The Flex-trap 100E WP has a stainless steel

front grid, with the housing made of durable ABS plastic and white powder coated steel. Once the insects enter the unit, they are effectively controlled by means of a centrally placed glue board. Easy to service, stylish and effective; the Flex-trap 100E WP offers it all.

10 reasons to start using the Flex-trap 100E WP unit:

- 1) The unit can be used in different mounting positions on the wall or the ceiling.
- 2) The unit is constructed in a hose proof housing, which allows the unit to withstand a total wet wash.
- 3) Glue board placed discretely behind the lamp.
- 4) In the heart of the unit is the most powerful UV-A lamp available:
Exclusive to ALCOCHEM the Philips Longlife UV-A lamp offers 2 years of effective use. The Philips Longlife lamp is specifically designed to match the fly's vision spectrum with the lamp's output, for optimum attracting power.
- 5) Effective coverage of areas up to 100 m².
- 6) Easy to service with direct access to lamps and glue board.
- 7) Meets ISO 9001 / RoHS & the CE standard. Unit is HACCP compliant.
- 8) 30% improved performance over conventional units due to its unique attraction grid, which reflects the light onto the landing spot thereby stimulating the landing behaviour of flying insects.
- 9) The Flex-trap 100E WP is executed with a high frequency ballast, which offers lower operational costs and makes the use of a starter redundant.
- 10) 1 year full guarantee on the mechanical aspects.

Technical specifications

Area coverage	: 100 m ² effective coverage
Light source	: 2 x 15 Watt shatterproof Philips Longlife UV-A lamps
Type of UV lamps	: UV-A Lamp RoHS certified
Electrical supply	: 220-240V/50-60Hz
Catch specifications	: By means of effective glue board
Power consumption	: 32 Watt
Weight	: 5 Kg
Material	: Metal housing
Degree of protection	: IP 65 (hose proof)
Guarantee	: 1 year return to base
Int. building norm	: acc. IEC 60.335-259 int. standard for insect exterminators
Lamp life time	: 17,500 hrs (*)
Dimensions (LxWxD)	: 570 x 220 x 160 mm
CE-approval	: Yes
Mounting position	: Wall mounted or ceiling mounted
Cable & plug	: Included
Packaging	: Strong cardboard box included
Manual	: Enclosed with the unit in English
Service	: Unit can be serviced without special tools

(*) After 17,500 hours of use, the Longlife lamp still offers 75% of its initial UV-A output value
